561210 Facilities Maintenance

Maloka Ventures provides professional janitorial and facilities & building maintenance services with a strong emphasis on reliability, regulatory compliance, and consistent service quality. We support government agencies, commercial clients, and small businesses with tailored solutions designed to meet contractual standards and operational needs. Our approach is rooted in clear communication, disciplined processes, and detail-oriented execution to ensure dependable results on every project. As a New York City–certified Minority and Woman-Owned Business Enterprise (M/WBE), Maloka Ventures delivers proven performance, trusted service delivery, and long-term partnership value.

## CORE COMPETENCIES

### **Janitorial Services**

- Mission-ready janitorial programs supporting federal, state, and municipal facilities.
- OSHA-compliant, environmentally preferred products with enhanced sanitation and infection-control protocols.
- On-site quality assurance and performance monitoring to ensure consistency and contractual compliance.

### **Facilities & Building Maintenance**

- Preventive and routine maintenance programs designed to reduce risk, extend asset life, and maintain continuity of operations.
- Disciplined oversight of subcontracted trades to meet scope, schedule, and federal performance standards.
- Facility condition assessments, documented reporting, and rapid-response corrective maintenance.

## DIFFERENTIATORS

- 17 Years of Operational Leadership – Extensive experience managing complex, multi-site operations with a focus on efficiency, accountability, and client satisfaction
- Owner-Directed Contract Management – Hands-on oversight by company leadership to ensure schedules, performance standards, and compliance requirements are met consistently.
- Agile & Responsive Execution – Rapid mobilization and adaptive service delivery aligned with evolving project scopes and mission needs.
- Standards-Based Service Model – Disciplined, compliance-driven operations that promote consistency, safety, and quality across all projects.
- Reliable Partner Network – Established relationships with vetted subcontractors and suppliers to support dependable execution and high-quality results.

## CLIENTS

- Iron Goat Provisions
- The Drycleaners
